

# IALTA International Aviation Lease Training Association

## Technical Records Course

We introduce you to a typical lease transition of an aircraft and guide you through the return conditions and items for consideration, ensuring that you gain an understanding of them and “how to” review them.

The course demonstrates how to plan for a transition and use the checklists, templates and plans as we explain Airworthiness Directives, Service Bulletins, Modifications, Certificates, Aircraft Maintenance Tasks and Last Done Next Due (LDND) information.

The Lease Transition Awareness Course has three modules:

- Mid-Lease Inspections
- Maintenance Reserve Funds
- Aircraft Repossession

- ✓ Technical Lease Planning
- ✓ Lease Return Condition Review & Understanding
- ✓ Download your “On-Site Toolkit”
- ✓ Aircraft Certificates and Statements
- ✓ Aircraft Status
  - Airworthiness Directives and Service Bulletins Status
  - Modifications and Supplemental Type Certificates
- ✓ Components
  - Hard Time
  - On Condition / Condition Monitored
  - Life Limited Parts
- ✓ Aircraft Records Review (Dirty Fingerprints)
- ✓ Example of contractual obligations from aircraft lease agreements

**Price 220 (Euro) | Suggested Duration: 25 Hours | Course Delivery: Online self-taught**

Here you can see “how to” assess all the aircraft documents and what you need to focus on to achieve the review.

The demand for skilled and highly trained Technical Lease Transition personnel is growing and the IALTA program and courses along with its guidelines, checklists and tools will enhance your industry knowledge and advance your career path.

Our aim is to set a global standard for the Technical and Records sector of Aviation Leasing. Your certificate will become your “license” to operate within this growing marketplace.
